This superb newly constructed 6 bedroom chalet is perfectly located close to the pistes and lifts of Courchevel 1850 and a short walk from the resort centre with its excellent selection of shops, bars and restaurants.

Built on 5 levels the chalet has been finished to the highest standards with lots of use of natural materials in the traditional Savoyard style. The furnishings and fabrics have been carefully themed to reflect this traditional style and are of the highest quality.

On the top level is the large living / dining room as well as the semi professional kitchen. The living area has comfortable seating for 12 guests and a stone clad feature fireplace. From this area there is access to the dining area with large table for 12 guests and French windows onto the front terrace.

One level down are 3 double bedrooms with en suite bathrooms and there are a further 3 double bedrooms with en suite bathrooms on the next level down. All floors of the house are connected by an elevator.

At ground level is the garage and heated ski room and on the lowest floor is the spa area with swimming pool, Jacuzzi and steam room.

This is a beautiful new chalet which has been completed to the highest standards. The local manager can assist with organizing catering, cars, ski instructors and other staff.
