Set in a waterfront position this is an exceptionally exclusive and very private 5 bedroom fully air-conditioned villa overlooking the bay of Agios Lazaros. The villa is on a private estate with 24 hour security, a boat dock and helipad. From the infinity pool to the covered veranda and outdoor dining/living areas one experiences the stunning panorama this villa offers.

The interiors are decorated to the highest standard and designer furniture and appliances have been thoughtfully placed throughout the villa.

The house is built on two levels and is fully air-conditioned as well as having wireless internet access. The main level features the indoor living and dining area, both with access to the terrace which is also equipped for dining al fresco. Off the dining room is the fully equipped kitchen with high standard appliances and marble surfaces. A small entrance hall separates the living room from the double bedroom of the main level. This bedroom has access to the terrace through French doors and is ideal for parents with a young child as it has a loft featuring a single bed.

A flight of steps leads from the dining room down to the lower level of the villa. All bedrooms on this floor have access to the pool and its terrace which includes an additional outdoor dining area. The master bedroom offers two large twin beds and en- suite bathroom with Jacuzzi bath. This bathroom, as well as the bathroom shared by the other two bedrooms on the lower level, is built with a predominance of marble, adding a tasteful touch to the particular design of the rooms themselves. The aforementioned bedrooms both have double beds and views provided through the French doors which lead to the pool. Through a long hallway one reaches a small kitchenette connected to a living area. This part of the lower level also includes a single bedroom and is suitable for staff.

This is a beautiful waterfront villa with every modern appliance and convenience and makes a superb private hideaway. Linen and towels changed daily and our Island concierge can organise chef and private staff at extra cost.
