This beautiful 5 bedroom villa lies just above the entrance of the bay of Ornos on the southern side of Mykonos, one of the most enviable locations on the island due to the natural sheltering from Meltemi winds and the vicinity to the lively Ornos beach and Mykonos Town.

Surrounded by a luscious garden on both sides, the property's outdoor area is developed between the two main units with a terrace that stretches out in the most panoramic position of the premises. The infinity pool overlooking the Aegean sea is enriched by designer sun-beds and unique parasols as well as a charming sitting area full of colourful cushions and covered by an electric covering, allowing guests to adapt the shade to their personal preference. A Caribbean-style veranda covers the outdoor dining tables and the fully equipped bar area which includes an outdoor sound system, the perfect spot for an aperitif followed by a convivial dinner overlooking the sea.

The indoor spaces are appointed with a cutting-edge minimal décor featuring all import design furniture and artefacts. A great use of white is cleverly opposed to colourful items and furnishing giving an overall fresh tone to each room. The main house includes the living room and kitchen as well as the spacious master bedroom, all with French doors opening onto the front terrace. An en-suite guest bedroom is located on the upper floor and accessed by a staircase, thus granting great privacy to its guests. Three further guest bedrooms are located across from the main house, each with their own independent entrance and featuring a different theme colour in their décor.

The villa is ideal for families or groups of friends who are fond of contemporary design and a supreme location without having to compromise on modern comforts. The cosiness of the property combined with the vicinity to the main spots on the Island make this the perfect retreat for those who like to alternate laid-back moments to active beach and night life.
