Boasting views over the beautiful Kalo Livadi and stretching out over the Aegean to the nearby island of Naxos, this is a brand new 5 bedroom property that mixes the aforementioned panoramic setting with a location that allows easy access to both the beaches of Kalo Livadi and Elia.

The outdoor space makes the most of the view by stretching out to the front of the property where the infinity pool's water blends into the turquoise tones of Kalo Livadi's ample bay below. Guests can soak in the Aegean sun on the sun beds or relax under the pergola just lateral to the pool that doubles both as lounge and dining area. A second dining area is set-up on the balcony just outside the living room.

A contemporary inspiration is evident throughout the interior decor where traditional details like polished concrete bathrooms and beamed ceilings meet with quality furnishing, maritime-inspired artwork and modern amenities. The bedrooms are split among the two levels, all providing great flexibility when it comes to accommodation thanks to the joinable twin beds. This villa is a great way to experience a part of Mykonos away from the masses but within easy reach of a handful of very popular beaches, while enjoying a relaxing holiday in a fresh, care-free ambience.
