

Mykonos

Chora

Ref GLI101

- 5 AIR CONDITIONED BEDROOMS
- 5 EN SUITE BATHROOMS
- PRIVATE PLUNGE POOL
- PANORAMIC VIEWS
- 100 METRES FROM MYKONOS TOWN

This is an elegantly renovated 5 bedroom traditional Mykonian property boasting a unrivalled location, literally a few steps away from the vibrant and active center of Mykonos Town. The privileged position also comes with a stunning view which stretches out over the roofs of Mykonos Town and it's old harbor all the way out to the colorful sunsets.

In full respect of the traditional architecture that distinguishes it, the property is composed of two main units – each with their own purpose given one features the living spaces of the property and the other two of the en-suite bedrooms. Three further en-suite bedrooms are located on a lower level, each with independent access from the well-maintained garden. The contrast of the gray-toned cimentogonia floors with the white walls is reflected also in the property's furnishing with brighter pieces opposing darker ones in minimal and chic style. The living spaces feature an airy living room with direct views over the harbor, a mezzanine area ideal for reading a book in total relaxation and the property's discrete and functional kitchen with its Smeg and Miele appliances in addition to a direct access to the outdoor terrace.

The terrace is located to the back of the property although it also spills in between the two main units with exciting views over Mykonos Town. A collection of cushions and sitting areas make the property's terrace the perfect spot at any time of the day while a fun plunge pool provides a great cooling option and hang-out spot.

Due to its location and fresh atmosphere, this is the ideal holiday setting for those looking to enjoy Mykonos Town's wonders to the fullest while being within easy reach of the most popular beaches on the island.
