The house has a very private feeling and offers amazing views of the Islands of Ios, Sikinos and Folegandros and within walking distance of the house guests can choose between the sandy beach of Farangas and a series of scenic rocks mixed with mini beaches. This area of the Island is not populated with tourists so it has a very local and authentic feeling.

The house, built in typical Cycladic style, has a large outdoor terrace ideal for outdoor living and there is an 18 X 5 metre infinity pool and the nearby pergola with 4 giant sofas is ideal for sunset drinks and afternoon "siestas".

The massive dining table for up to 20 guests is under a pergola and has great sea and garden views. Close by is the barbeque that can be used to cook the fish that can be delivered to the house by local fishermen. The 8 bedrooms, each tinted in an individual pastel color, have their own large en-suite bathroom. All the rooms have air conditioning and the 2 master bedrooms a plasma TV.

The living room has a floor made of old brick that gives it a very warm feeling. It has 2 seating areas and a 42 inch plasma TV with satellite channels.
