This lovely 5 bedroom villa has stunning panoramic views, overlooking the western coast of Paros, numerous islands and the deep blue of the Aegean sea during the day, while blessed with the most fantastic sunsets in the evening. Conveniently located in the area of Sarakiniko, just few minutes drive from the beaches and the main port and town of Parikia, the property is immersed in a luxurious garden, with trees and native vegetation typical of the more Mediterranean look of Paros island.

The outdoor features numerous terraces, pergola around the house and two cozy dining/sitting areas facing the panoramic view. The brand new infinity pool gives amazing views and a large sundeck area for sunbathing and relaxation.

The interiors are very comfortable and fresh, with lots of light coming through large windows and double-French doors, opening directly to the main pergola and with access to the pool area. The main living area has large and comfortable sofas around a fireplace, a formal indoor dining area with a large table, direct access to a stylish and well equipped semi-open plan kitchen. A spacious corridor leads to the three beautiful and well-appointed bedrooms, all with generous en-suite bathrooms, great views to the sea and access to the main veranda. The lower level of the house hosts a beautiful brand new studio apartment, with separate entrance from the garden, featuring a kitchenette, a small gym area and two well appointed double bedrooms each with en-suite bathrooms.

This is the ideal choice for families and group of friends looking for a quality house, a lot of privacy and amazing panoramic views with the advantage of being close to the sea and the main town of Paros.
