From the private parking for several cars you enter into a hallway with a beautiful reproduction Venetian mirror taking centre stage. From here is the large sitting room which is divided into two distinct areas. Also on this level of the villa is the modern fully fitted kitchen, beautiful dining room with coloured lighting effects and dining for 15 guests and a small room with plasma television and X Box for children and adults alike.

Outside there is a covered dining terrace with a large irregularly shaped wooden dining table which overlooks the first of the swimming pools – a beautiful 12 x 6 metre lap pool with floating chrome spheres which is presided over by a reclining stone Buddha. There are 2 further bedrooms, one double with shower room and a twin with shower room with a separate access and outdoor seating area close to this pool. These bedrooms are not of the same standard as those in the main house and are more suited to staff or teenagers.

Main house bedrooms:

Master bedroom (double) with en-suite (bath & shower) opening to roof terrace.

Bedroom 2 (double) with en-suite (shower) opening onto roof terrace.

Bedroom 3 (double) with en-suite (shower) opening onto roof terrace.

Bedroom 6 (double) opening onto pool terrace.

Shared bathroom (shower) for bedrooms 5 & 6.

Bedroom 7 (king) with en-suite (shower) opening onto terrace with private entrance.

The main feature of the entire property is the 18 x 8 metre second swimming pool surrounded by decking with parasols and very modern sun beds as well as a large white Buddha statue. In this area is the fully equipped outdoor kitchen with barbeque, bar, modern style dining table, plasma screen television and music system.
