Ref SRV2

- 6 + 2 BEDROOMS
- 15 METRE INFINITY POOL
- WALK TO BEACH
- WIRELESS INTERNET ACCESS
- CINEMA
- SAUNA
- 35 KM FROM GIRONA AIRPORT

This lovely 8 bedroom property sits in the Bay of Port Lligat, Cadaques, on the spectacular Cap de Creus peninsula in the north of the Costa Brava a short walk from a small cove with its shingly beach. With breathtaking views of the Cap de Creus National Park and across the Bay of Port Lligat and the Mediterranean, it's little wonder that the area has been a haven and inspiration for artists over the years including Picasso, Chagall, and, most famously, Salvador Dali who lived and painted in Port Lligat for much of his life. Surrounded by olive trees and built from the natural slate rock on which it stands, the house has been carefully designed to blend in with the landscape.

The villa is modern in design and style and equipped to the highest standards with wi-fi, satellite TV, DVD, under floor heating in the main living spaces, individual temperature control in every bedroom. Cameras are located around the perimeter of the property providing security and internet viewing. The main living area has large panoramic windows with views out over the pool and bay and over the Mediterranean up to the lighthouse at Cap de Creus. This is a spectacular space for entertaining, exhibitions or just general relaxation.

Downstairs there is a large living space, with an indoor courtyard and 'daylight' lighting that can be used for games, entertainments, exhibitions or teaching. There is a large screen cinema with satellite TV/DVD/computer connections. Separate areas off the living area include a table tennis room, an art preparation room and indoor passageway to the sauna and swimming pool complex. The main kitchen is a cook's paradise, equipped to state of the art standards, with every feature you could want. The property has 8 bedrooms all with en suite bathrooms. Six of the bedrooms can be arranged with super king size beds or large twin beds according to preference. All bedrooms benefit from individual climate control and broadband.

The master bedroom has two bathrooms – one with shower and one with bath/Jacuzzi – plus an adjoining dressing room. Large patio windows open out onto the pool area with views across the bay of Port Lligat and up to Cap de Creus. Three further en suite bedrooms are located on the ground floor, one in the master bedroom wing and two in a private wing. All have patio doors opening out onto a side terrace with views of the Cap de Creus coastline. There are four further en suite bedrooms on the lower level, three with sliding patio doors opening out onto a terrace with views of Salvador Dali's house. One of these is a small double and the other more suited to staff. The outside living space overlooks the Bay and includes a 15 metre infinity pool surrounded by teak decking, heated Jacuzzi, built-in barbecue and plenty of seating and space for dining. There are steps down from the patio area to changing rooms and a sauna, which can also be accessed from inside the house.

Due to the landscaping of the property we do not recommend it for families with toddlers. .
